

جمعية إنماء القدرات في الريف

Association for the Development of Rural Capacities

# FACTSHEET 2024

## Mission and Vision

ADR seeks and commit itself to poverty reduction and to the principles of equity, gender equality, youth, environment, good governance, and social cohesion for a better living conditions to local communities.

ADR's mission is to empower and integrate marginalized people and sectors in rural and semi-urban areas through sustainable economic and social development, lending its support to the social players to help them acquire the knowledge and capabilities to improve and promote their standard of living.

ADR designs and implements projects according to the aspirations and needs expressed by the local population. It works to support both individuals and institutions. ADR's activities focus on five main thematic programs, micro credit, sustainable agriculture, vocational training, social empowerment, and decentralized cooperation.
