جمعية إنهاء القدرات في الريف

Association for the Development of Rural Capacities

AFDAL 2 PROJECT

Project's Objectives

Objective 1 - Enhance production and business capacities of vulnerable small holder farmers in the SR value chain

Objective 2 - Improve skills and capacities of vulnerable individuals in food processing and retail in the SR value chain

Objective 3 - Strengthen market linkages and support functions in the SR value chain

Project's activities

- 1- Capacity Building: Goat and Sheep Shepherds, Forages producers, students of Technical Schools, dairy products' producers, 3 agricultural cooperatives and 13 SMEs are provided with technical training, financial literacy training and life skills training.
- 2- Farmers are provided with materials and extension services to enhance production capacity and quality
- 3- Farmers and food processing beneficiaries are provided with marketing and market linkages skills and are encouraged to adopt new marketing strategies to access new market opportunities
